—People of this vicinity experienced one of the heaviest floods in years when the rains of Monday and Monday night put the little river of Hinkston beyond the confines of her banks. Since then she has been running at large over the country taking with her all loose stuff that would float. Tuesday morning she was within six inches of the flood of January, and about noon the waters began to recede and many thought the worst was over.

Rain began to fall in the afternoon, continuing until five o'clock Wednesday morning, and by ten o'clock Hinkston was two inches higher than in January, while Brushy Fork and other small streams went beyond this. The rural route carriers from Paris were unable to get to Millersburg Tuesday and Wednesday as all traffic south of town on the Mayville pike was cut off. Mobs all cellars, both in town and country, were inundated and everybody has been kept busy pumping them out. No serious damage has been reported.

Urges Formation Farmers Club.

M. C. Rankin, Commissioner of Agriculture, has issued an address to the farmers of the State, in which he urges the formation of farmers' clubs, and says it will be his effort to have a club of at least twenty members in every magisterial district in the farming sections of the State.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn--absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicine and showing what the most eminent medical men of the age say of them.
